Payment solutions?

Famous freelancing websites for remote working

Some advices

- Have a complete profile
- Have a portfolio (even if you start for free)
- You can use a pseudo name
- Start at low prices
- Increase price as you build a reputation
- Do not accept a project if you will not deliver it
- Be careful about time estimation
- Manage your time (limit the use of social media)
- Remember your country's context (laws, enconomy...)
- The laws may change anytime
